I. Overview.

Content Management System plug-in allows vendor to manage his static content and static pages. Vendor will able to add unlimited static pages for Privacy policy, Terms & Conditions, Customer services ... and add static blocks to any position on his pages.

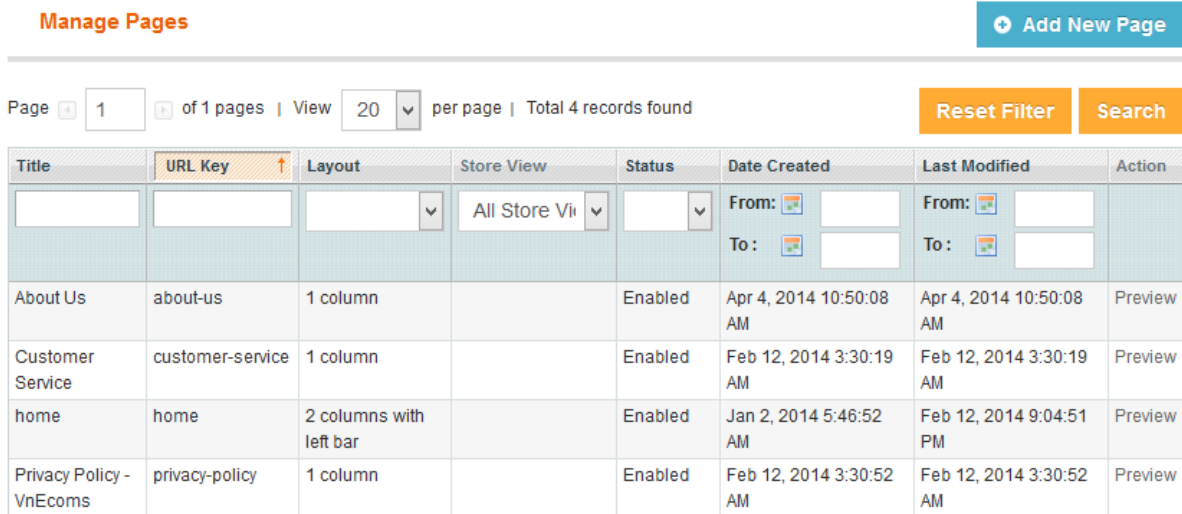

II. Manage Static Pages

This feature allows vendor to manage his own static pages. Vendor can add some static pages like Privacy policy, Terms & Conditions, Customer Services, ...

From Vendor Cpanel go to menu CMS-> Pages

The screenshot shows the VnEcoms CMS dashboard. The top navigation bar includes 'My Account', 'Messages' (with 4 notifications), 'Configuration', and 'Logout'. The main navigation bar contains 'Dashboard', 'Sales', 'Catalog', 'Credit', 'CMS' (highlighted), 'Advanced Faq', 'Live chat', 'Sub Accounts', and 'Reports'. The breadcrumb trail at the bottom of the navigation bar reads 'Home > CMS > Manage Pages'.

The 'Manage Pages' interface includes a '+ Add New Page' button and a table listing existing pages. The table has columns for Title, URL Key, Layout, Store View, Status, Date Created, Last Modified, and Action. The table shows 4 records.

Title	URL Key	Layout	Store View	Status	Date Created	Last Modified	Action
			All Store Vi		From: [calendar icon] [input] To: [calendar icon] [input]	From: [calendar icon] [input] To: [calendar icon] [input]	
About Us	about-us	1 column		Enabled	Apr 4, 2014 10:50:08 AM	Apr 4, 2014 10:50:08 AM	Preview
Customer Service	customer-service	1 column		Enabled	Feb 12, 2014 3:30:19 AM	Feb 12, 2014 3:30:19 AM	Preview
home	home	2 columns with left bar		Enabled	Jan 2, 2014 5:46:52 AM	Feb 12, 2014 9:04:51 PM	Preview
Privacy Policy - VnEcoms	privacy-policy	1 column		Enabled	Feb 12, 2014 3:30:52 AM	Feb 12, 2014 3:30:52 AM	Preview

About Magento Store

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi luctus. Duis lobortis. Nulla nec velit. Mauris pulvinar erat non massa. Suspendisse tortor turpis, porta nec, tempus vitae, iaculis semper, pede.

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi luctus. Duis lobortis. Nulla nec velit. Mauris pulvinar erat non massa. Suspendisse tortor turpis, porta nec, tempus vitae, iaculis semper, pede. Cras vel libero id lectus rhoncus porta.

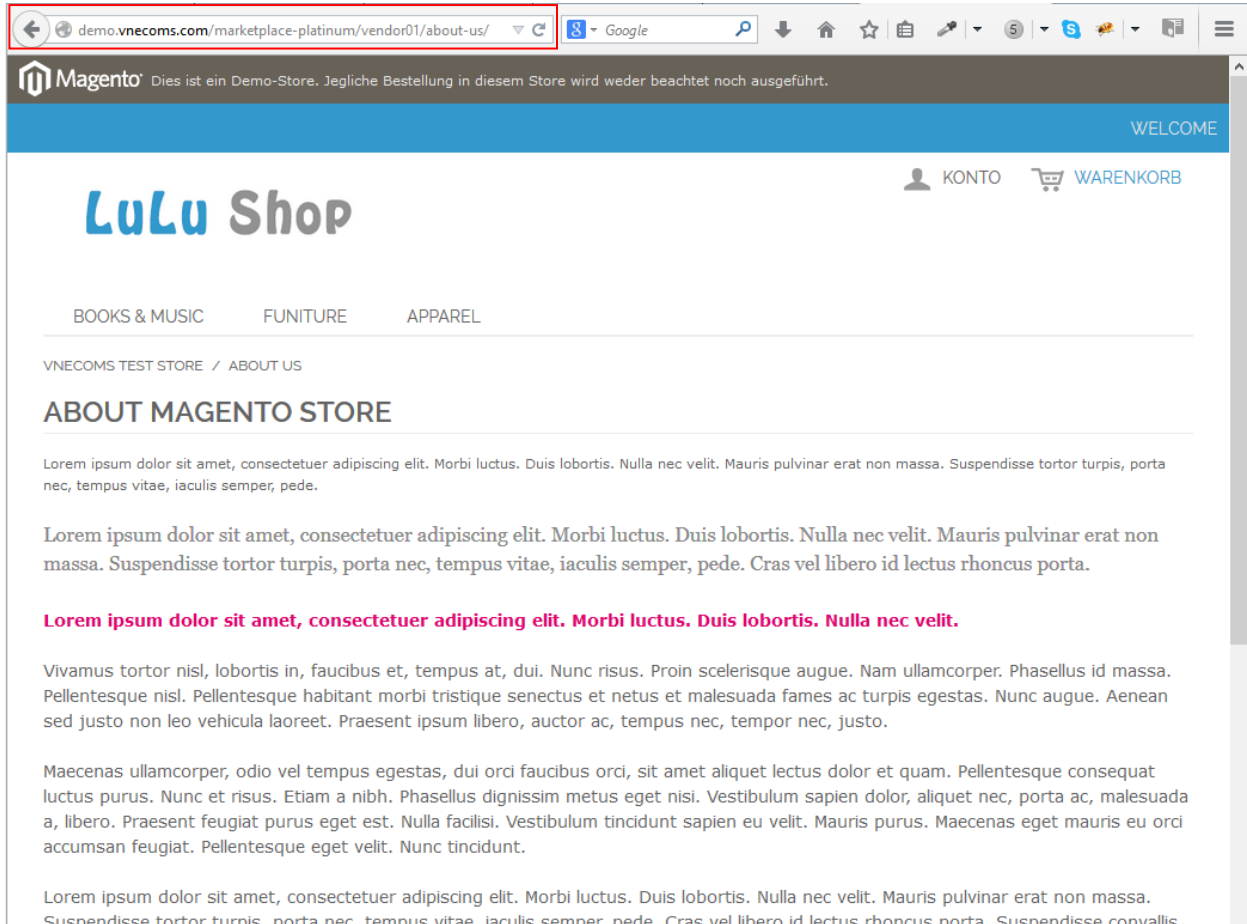

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi luctus. Duis lobortis. Nulla nec velit.

Vivamus tortor nisl, lobortis in, faucibus et, tempus at, dui. Nunc risus. Proin scelerisque augue. Nam ullamcorper. Phasellus id massa. Pellentesque nisl. Pellentesque habitant morbi tristique senectus et netus et malesuada fames ac turpis egestas. Nunc augue. Aenean sed justo non leo vehicula laoreet. Praesent ipsum libero, auctor ac, tempus nec, tempus nec, justo.

The screenshot shows the 'Edit Page' interface for a page titled 'About Us'. On the left, there is a sidebar with 'Page Information' and 'Meta Data' sections. The main area is titled 'Edit Page 'About Us'' and contains a toolbar with buttons for 'Back', 'Reset', 'Delete Page', 'Save Page', and 'Save and Continue Edit'. Below the toolbar, the 'Meta Data' section is visible, containing two text input fields: 'Keywords' and 'Description'. The 'Keywords' field is currently empty, and the 'Description' field is also empty.

- **Page Title:** Title of the static page.
- **URL Key:** This key is used to define the page. So the page on frontend will be like this:
`http:///www.mainwebsite.com/vendor_id/url_key`
- **Status:** The status of page. Enabled/Disabled
- **Layout:** The layout of static page: 1 column, 2 columns left, 2 column right and 3 columns.
- **Content Heading:** The heading of the page.
- **Meta Keywords:** Keywords of the page which is used for SEO.
- **Meta Description:** Meta description of the page which is used for SEO.

The screenshot shows a web browser window with the URL `demo.vnecom.com/marketplace-platinum/vendor01/about-us/`. The page is a Magento storefront for a vendor named 'LuLu Shop'. The header includes a 'WELCOME' message, a 'KONTO' (Account) link, and a 'WARENKORB' (Shopping Cart) link. The main navigation menu lists 'BOOKS & MUSIC', 'FUNITURE', and 'APPAREL'. The page content is titled 'ABOUT MAGENTO STORE' and contains several paragraphs of placeholder text (Lorem ipsum). A specific line of text is highlighted in red: **Lorem ipsum dolor sit amet, consectetur adipiscing elit. Morbi luctus. Duis lobortis. Nulla nec velit.**

Vendor CMS Page

III. Manage Static Block.

This feature allow vendor can define static blocks to use on static page or use with Frontend App to place static content to any where of vendor pages.

Title	Identifier	Store View	Status	Date Created	Last Modified
		All Store Views		From: <input type="text"/> To: <input type="text"/>	From: <input type="text"/> To: <input type="text"/>
test	test		Enabled	Jan 16, 2014 2:26:50 AM	Feb 12, 2014 6:43:00 AM
Footer Links	footer_links		Enabled	Apr 4, 2014 10:18:33 AM	Apr 4, 2014 11:00:17 AM

Click to Add New Block button to add new static block.

Block Title: The title of static block, this is used to identify the block only.

Identifier: The identifier of static block. This is used to call static block from cms page or frontend app.

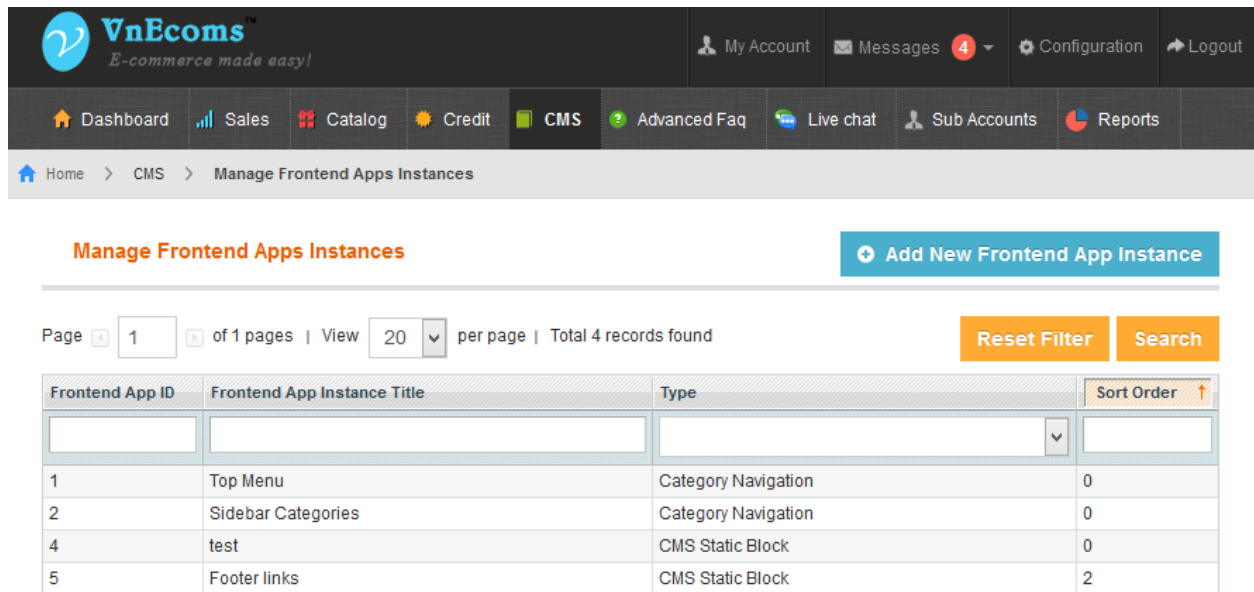

Status: Status of block Enabled/Disabled

Content: Content of static block. You can put text or html to the content of static block.

IV. Frontend Apps.

This feature is used to place any frontend app to any position of vendor pages. Frontend apps includes static blocks, and other apps from other plugins like banner manager, category menu, feature products.

From vendor cpanel go to menu CMS -> Frontend Apps

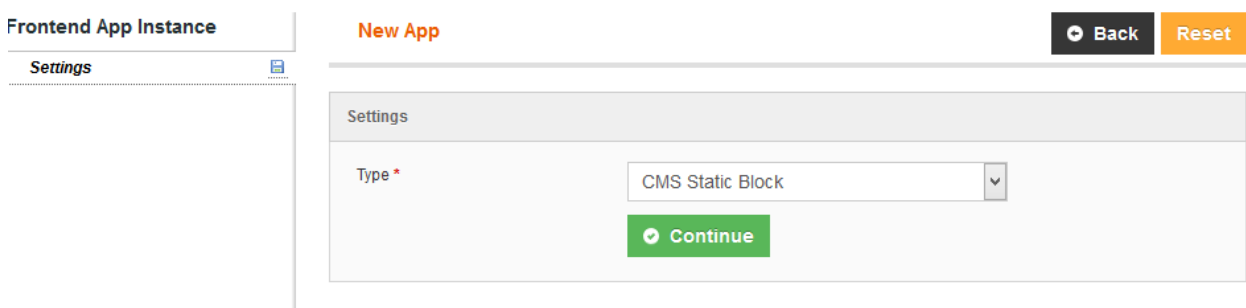

Manage Frontend Apps Instances ➕ Add New Frontend App Instance

Page 1 of 1 pages | View 20 per page | Total 4 records found Reset Filter Search

Frontend App ID	Frontend App Instance Title	Type	Sort Order
1	Top Menu	Category Navigation	0
2	Sidebar Categories	Category Navigation	0
4	test	CMS Static Block	0
5	Footer links	CMS Static Block	2

Click **Add New Frontend App Instance** to add new app instance
